***NOTES:**

Applications determined incomplete will be pushed to the next application submittal period.

Applications requiring Variances or Temporary Use Permits may be delayed more than one meeting, until such time as a decision can be made by the Board.

Certain applications involve property located such that a referral from the town to the County Planning Board is required for their review and recommendation prior to the Zoning Board of Appeals being authorized to take action. These locations are listed in Section 239-I of the New York State General Municipal Law. When this affects the property in question additional time is required for the County's referral. The Zoning Board will not schedule a public hearing upon such an application until it knows that these provisions have been complied with.
